Work Experience

Project Manager

DBSS Inc. – Orlando, FL

June 2024 to May 2025

- Designed commercial and residential projects.
- Developed mechanical, electrical, and plumbing plan expertise.
- Designed HVAC systems, details, calculations, and panels.
- Created lighting plans, power plans, sanitary plans, and supply plans.
- Completed riser diagrams and other construction documentation.
- Experience working with HVAC plug-ins for mechanical system layouts.

Project Manager

Associated Design & Construction (ADCI) – Longwood, FL

June 2021 to August 2024

- Worked under Byron Bonyadi before his retirement, gaining experience from his architectural and construction background.
- Managed permit sets for commercial, residential, and industrial projects.
- Completed permit sets for Chronic Guru Orlando, Little Wekiva Brewery, and 82 additional projects.

Owner / Designer / Builder
CampCocoa.com – Cocoa, FL
July 2019 to October 2023

- Purchased and developed a remote wooded property.
- Built a bridge, blazed trails, and surveyed the land.
- Designed and constructed a two-story tree house with balcony, bedroom/office, living room, bathroom, and covered front porch.
- Oversaw all design, building, and project planning for the property.

Installer / Inspector
Media 1 – Sanford, FL
June 2018 to October 2019

- Served as a traveling installer and inspector for signage and monuments.

Technical Designer
Artistic Entertainment Services (AES) – Orlando, FL
July 2014 to October 2015

- Served as technical designer for the 52' Orlando Monument.
- Produced initial design for installation at Outdoor World Stadium (Citrus Bowl).
- Supported the relocation of the monument to the Beachline (528) at Semoran, creating the Gateway to Orlando at MCO.
- Provided technical design work for SeaWorld, Busch Gardens, and Disney.

Education

Architecture & Landscape Architecture (Bachelor of Arts)
FIU – Miami, FL
July 2000 to August 2008
